

Policy – Competing out of region

Document created: 30.06.21 | Last revision: 27.07.21

Policy Statement

SCWC as a region encourages its members to support local regional meets. Where a meet is being held in the region, swimmers will not be permitted to compete at a conflicting out of region meet without the express consent of the SCWC Board.

The purpose of this policy is to ensure that SCWC members are supporting and attending SCWC regional meets, ahead of other regions meets.

This policy was created in June 2021 and implements the previous informal position recognised for SCWC members regarding conflicting out of region meets.

This policy has been formalised, brought to members attention and accepted when renewing their affiliation online for the 21/22 season. From 1 July 2021 the swimming out of region policy will apply permanently to all SCWC members unless or until it is amended by the Board.

Any application for consideration for SCWC member swimmers to compete at a conflicting out of region event should be submitted as early as possible via email to admin@swimcanterbury.org.nz to enable sufficient time for the Boards consideration.

Any approvals or any sanctions regarding this policy will be entirely at the Boards discretion.

A handwritten signature in black ink that reads "SIMOONE" with a stylized flourish above it.
